NanoTech Entertainment's Nuvola NP-1 Wins Ultra HDTV Magazine's 2014 Best of CES Ultra HD Media Player Award

*Acclaimed for Being Able to Stream 4K Content from a Channel
without the Need to Download Before Playback*

San Jose, CA – January 13, 2014 – [NanoTech Entertainment](#) (OTCPINK: NTEK), a pioneer in bringing the 4K Ultra HD experience to consumers, announced today that its [Nuvola NP-1™](#) 4K Ultra HD streaming video player received [Ultra HDTV Magazine's 2014 Best of CES Award](#) in the Ultra HD Media Player category. The Nuvola NP-1 is the world's first streaming media player that supports 4K Ultra HD movies and videos.

In evaluating products for its “Best Ultra HD Media Player” category, *Ultra HDTV Magazine* editors took a first-hand look at the products on the CES show floor. The objective was to find the product that “best bridges the huge gap between Ultra HD content and a newly purchased Ultra HDTV that will truly advance the progression of Ultra High Definition for practical use.”

In making the award announcement, *Ultra HDTV Magazine* said, “The Nuvola can play 4K content locally from USB, SATA, LAN, and MicroSD sources -- but what really makes this device a winner is its ability to stream 4K from a channel without the need to download content before playback. Specifically, the Nuvola can stream 4K content from pre-installed apps including Netflix, Hulu Plus, Amazon Instant Video, YouTube 4K, and 'UltraFlix™ -- a new 4K Ultra HD channel from NanoTech. The bundled UltraFlix channel app comes with access to 10 streaming Ultra HD movies, free of charge. The Nuvola is a brilliant device for linking Ultra HD Content to any Ultra HDTV with an HDMI port. multifunction device that can be used to decode a variety of video formats and resolutions including 4K Ultra HD, HD, SD and 3-D movies as well as playing state-of-the art 3-D Video games.”

“We are truly honored to have the Nuvola NP-1 chosen for *Ultra HDTV Magazine's* prestigious Best of CES Ultra HD Media Player Award,” said Aaron Taylor, Senior Vice President of Sales & Marketing for NanoTech. “Having your product recognized as the best by your industry peers reaffirms our success in making *The Future of Television* affordable with ground-breaking technology.”

This was the second honor the Nuvola NP-1 4K Ultra HD streaming media player received last week. Additionally, the streaming media player received a Storage Visions Award for Visionary Home Entertainment product of 2014. The product was cited for its superior ability to economically deliver exciting 4K Ultra HD content to the home.

Availability/Pricing

The **Nuvola NP-1** is available for new customers in January 2014 for \$299. Measuring just 4 inches by 4 inches, the multifunction set-top box comes with an ergonomically designed second-generation Bluetooth remote as well as over fifteen video, audio, social media and communications applications and five games pre-installed. Access to ten Streaming Movies is also provided free of charge on the UltraFlix UHD Network. Upgradeable and expandable, the Nuvola NP-1 features a variety of industry standard ports for MicroSD and USB connections that enable users to install a variety of accessories, options and storage attachments.
